

Summary of motor WS

Torsten Bögershausen

www.europeanspallationsource.se

Wednesday, June 13, 2018

- Niko Kivel, PSI
Delta Tau PowerBrick ...
- Kevin Peterson, APS
Motor module, split into Git submodules
- Torsten Bögershausen, ESS
EtherCAT based motion control - HW/SW
Changes in the motor module, ongoing

- Complex motion controllers may be too complex for simple tasks
- Limit switches: Have an extra set that cuts power.
- MotorModule:
